

Acis Group celebrate 10th anniversary in style

Lincolnshire based housing association Acis Group celebrated their 10th anniversary with a bang by holding an open day on Saturday 17 October. Acis, who own and manage over 5,000 properties across Lincolnshire, Nottinghamshire and South Yorkshire, celebrated ten years of operation and invited customers and members of the public to come and join them on this special occasion.

The community event, held at the recently refurbished Park Springs Community Centre in Gainsborough, was a great success with a very strong turnout on the day. There was a real family feel to the open day and the various age ranges were kept entertained by the likes of a children's activity trailer, bouncy castle, entertainer, face painters, flower arranging, clay modelling, Ninento Wii games, as well as various free raffles and competitions where a whole host of great prizes were up for grabs.

Alongside the fun and activities, the open day also provided a chance to get to know more about the services that Acis provide, and the key achievements they have accomplished in the last ten years. Key partners of Acis were also in attendance, including Frank Haslam Milan, Kier, Aaron Services, Lindum, YES Team and Continental Landscapes.

Valerie Waby, Acis Chief Executive, explained:

"The open day was a fantastic way for us to celebrate this great occasion. We had a great number attend, both Acis customers and members of the public alike. Ten years of operation is a significant milestone and we wanted to share our achievements with those outside the organisation. We have much to be proud of in terms of what we have done over the past decade – for our customers and for the communities in which they live. Here's to the next ten years!"

Local agencies were also present at the open day, providing information and advice. These included Home-Start, Age Concern, Learning Communities, Sure Start, Smoke Free Homes, Volunteers Centre, West Lindsey District Council

Recycling and Neighbourhood Wardens, St Johns Ambulance, as well as the Fire and Police services.
