

Get your crayons and paints at the ready!

Acis Group produce a customer calendar each year and this year they are really keen to get the local children involved and give them a chance to get creative and have their drawings in print!

The competition is open to children under the age of 16 and all they need to do is draw a picture which reminds them of a month in the year. September could remind you of going back to school or February could make you think of pancake day!

The drawing can be done in paint, crayon, felt tips or even on the computer and the winning entry for each month will receive a £15 voucher of their choice!
