

Feel secure with Acis

Acis tenants in the Woodthorpe area are enjoying the first of many improvements to their homes over the next few years. Acis Group are to invest £24m into the properties in the Sheffield area and work has already begun on the Woodthorpe Estate, bringing a package of security measures to tenants' homes including windows, doors and external lighting.

Properties on the Woodthorpe Estate transferred across to Acis Group from Sheffield Homes at the end of March 2007. Over the past few months, our surveyors were out and about looking at your homes to see what work would be needed to achieve decency as set out in 'The Road to Transfer' Offer document.

We'll continue to update you on the investment programme, but if you would like any more information about this or anything else happening at Acis, please give us a ring on our customer freephone 0800 027 2057.
